Major: Visual Communication Technology  
Graduated - May 2010

### **Rhodes State College** **Associate of Applied Science**

Major: Digital Media  
Graduated June 8, 2006

## Experience

### **Millennium Graphics - Blissfield, MI (January 2015 - Present)**

Web/Mobile Design and Development - Responsible for maintaining a wordpress installation, as well as creating new themes and maintaining sites for various clients. Designed and developed a mobile app using Cordova and Phonegap that showcases samples of work that the company has to offer. Set up and maintain company email and cloud storage using Google Apps for Work.

### **MR Direct - Toledo, OH (Feb 2012- Aug 2014)**

Director of Technology: Managed a team of programmers for an online retailer. Responsibilities included design, setup, and maintenance of several websites and web stores, assisting in the development of mobile and augmented reality applications, and maintaining company PCs, intranet, access control systems, and video surveillance. Worked with Magento CMS, PHP/MySQL, and built HTML generators for ebay listings.

### **Capabilities, Inc. - Toledo, OH (Jan 2010 - Jan 2012)**

Web Developer/Career Consultant: Created a new brand for the company that included company websites, promotional print pieces and a new graphics standard. Instructed classes on computer software and tutored individuals for computer certification tests. Other responsibilities included working one on one with clients to help them find work. Performed Job Coaching, Computer Training, and helped individuals set up their own web presence.
